COORDINATED ENTRY

Individuals and families experiencing a housing crisis should contact Lee County Human and Veteran Services to participate in the Coordinated Entry system. Coordinated Entry is a system designed to match people experiencing homelessness to available housing, shelter, and services. The system prioritizes those who are most in need of assistance and provides crucial information to help service providers allocate resources and identify gaps in service. Lee County's Coordinated Entry system employs a "Housing First" model that prioritizes individuals and families facing the highest vulnerability and needs for permanent, supportive housing.
